**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF CALIFORNIA**

Order Instituting Rulemaking to Consider
Policy and Implementation Refinements to the
Energy Storage Procurement Framework and
Design Program (D.13-10-040, D.14-10-045)
and related Action Plan of the California
Energy Storage Roadmap.

Rulemaking 15-03-011
(Filed March 26, 2015)

**PACIFIC GAS AND ELECTRIC COMPANY'S (U 39 E)
FIRST QUARTERLY ASSEMBLY BILL 2868 IMPLEMENTATION
COMPLIANCE PROGRESS REPORT**

Pursuant to ordering paragraph 5 of the California Public Utilities Commission's (Commission) Decision (D.) 17-04-039, Pacific Gas and Electric Company (PG&E) files its first quarterly Assembly Bill 2868 implementation compliance progress report (PG&E's First Quarterly AB 2868 Progress Report).

I. PROGRESS REPORT

D.17-04-039 requires PG&E to propose programs and investments up to 166.66 megawatts of distributed energy storage systems in its 2018 energy storage procurement plan, in accordance with California Assembly Bill 2868.¹

The decision also requires PG&E to provide quarterly compliance progress reports to the Commission beginning August 1, 2017 until the 2018 energy storage procurement and investment plans are filed.² This is the first such report; the next report will be filed by November 1, 2017.

Progress Report Schedule	Status
August 1, 2017	Complete
November 1, 2017	<i>N/A</i>
February 1, 2018	<i>N/A</i>

¹ D.17-04-039, Ordering Paragraph 1, p. 66.

² D.17-04-039, Ordering Paragraph 4, p. 67.

In June 2017, PG&E assembled a cross-functional team to develop a proposal that advances California's clean energy objectives while maintaining affordability for PG&E's customers, and prioritizes access to distributed energy storage systems for low-income and public sector customers.

PG&E, Southern California Edison Company (SCE), and San Diego Gas & Electric (SDG&E) began holding biweekly coordination calls in June to coordinate in advance of the workshops the investor-owned utilities (IOUs) are to host, in consultation with Commission staff. The workshops will be held at the Commission's San Francisco office on September 14th and October 16th. The IOUs are currently coordinating with CPUC Energy Division staff to identify next steps.

Respectfully submitted,

MARK R. HUFFMAN
